Fresh Vegetables:

We make use of advanced Technologies to keep vegetables fresh. We have also devised modernized packing methods to preserve the freshness of the vegetables. We trade in all seasonal vegetable products that are ready to eat. With no additives and no health hazards, we make sure that the vegetables are stored fresh with no loss of nutrients, flavor, color, texture and shape. They are packed in various quantities as per the client's specification. All our vegetable products can be consumed fresh.

Fresh Fruits:

Sky Falcon Impex (Pvt.) Ltd. is a renowned name engaged in export of Fresh Fruits. We offer large range Pakistani seasonal fruits like kinnow, mangoes, guava, apple, water melon, sweet melon and many more. Pakistani fruit is very popular in the international market. We only trade in the best variety and supply them in the shortest possible time, keeping the freshness intact. All fruit categories are tested for quality and each item contains a check mark. Our seasonal fruits can also be used for preparing confectioneries, jam, jelly products and for other processing requirements. Quality packaging is done to preserve freshness and rich aroma of fruits. We trade quality fruits in different packaging and offer safe shipping facilities.

Furthermore it is important to mention our specialty product that makes us differ from others is Potato. SFI is only the company from Depalpur(Okara) Pakistan known as city of Potato.
